PRODUCT INFORMATION

ABOUT THIS PRODUCT

The RFID pin is a replacement of the traditional pin used with the EAS tag. It has a unique ID and can store additional information. It upgrades the EAS system, and provides more advanced functions.

Category by Application:	Apparel & retail, inventory control and supply chain management
Integrated Circuit [IC]:	Impinj Monza R6P
Read Range (Fixed reader with power -33dbm):	up to 4m

SPECIALITIES/FEATURES

- Widely compatible with existing EAS tags to upgrade them with its RFID features.
- Fast and easy deployment with RFID technology by just replacing the regular pin.
